VACATION CARE/OSHC

FUN HANDS ON - HOSTED INCURSIONS

1hr workshops

Super Slime Lab

Explore the world of polymers as you create stretchy, squishy, and colourful slimes

Lotions and Potions

Mix, bubble, and fizz your way through fun chemistry experiments

Mini Bots

Build and decorate your very own moving robot using simple electronics

Forensic Detectives

Step into the shoes of a crime scene investigator and uncover clues using real forensic science!

Code Breakers

Learn the basics of cryptography and create some secret codes

Rocket Science

Blast off into science as you design and launch your own air-powered rockets and explore how things fly!

Digital Bling

Learn about wearable technology and create some fun digital bling

Planet Earth Extreme

Experience the power of nature through hands-on experiments about volcanoes, earthquakes, and storms!

Inventors Lab

Become an inventor for the day as you brainstorm, build, and test creative gadgets that really work

VACATION CARE/OSHC

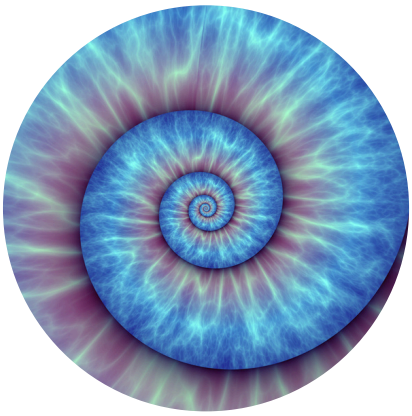

FUN HANDS ON - HOSTED INCURSIONS

1hr workshops

Light and Sound Lab

Newton's discs, wave machines, sound vibration demos.

Pattern Power

Fibonacci spirals, symmetry, tessellations in nature/art.

Crazy Circuits

Paper circuits, fruit piano (Makey Makey), light-up crafts.

Wonderful Water

Explore the fascinating properties of water through fun, hands-on experiments that reveal how it flows, floats, dissolves, and changes state in our everyday world.

Bridge Builders

Engineer, test, and build Bridges

Underwater Engineering

Design and test floating boats and submarines while exploring science of buoyancy, density, and how engineers build machines that work underwater.

Anatomy

Discover how the body works by exploring bones, muscles, organs, and the incredible systems that keep us alive.

Brain Power Lab

Explore the fascinating world of the brain and nervous system through activities that test memory, reaction time, and senses.

Micro Villains & Heros

Dive into the microscopic world of bacteria and viruses to learn how germs spread and how our bodies fight them.
